

Remote Sensing of Water

Most citations come from the main text book: Jensen, J.R., 2007, Remote Sensing of the Environment: an Earth resource perspective, 2nd ed., Prentice Hall, 592p

Remote Sensing of Water

- Many of the remote sensing techniques are generic in nature and may be applied to a variety of vegetated landscapes.
 - agriculture
 - forest
 - rangeland
 - wetland
 - manicured urban vegetation
