

## Tidal Power:

- Type of currents:
- Unstable power generation But predictable?
- Optimum location?

## Wave Power:

- (cf) tidal power
- unstable power generation
- size?

## Wind Power:

- Wind availability
- Unstable power generation
- Size of turbine
  
- Noise problem
- Shadow problem

## Geothermal Power:

- Sources of geothermal heat
- GHP (Geothermal Heat Pump)
- Geothermal power plant for electricity
  
- Toxic gas problem
